

### **APPRO's advice and suggestions**

In order to be able to free yourselves of all the pressure and waste of time due to buying your provisions for your cruise, we offer – from Guadeloupe, to prepare, pack and deliver your provisions aboard your boat for your arrival day.

To do this, we propose:

A list containing 300 general alimentary products:

An evaluation list of your needs based on 6 people/7days with easy to make menus.

Is elaborating your order posing you a problem?

We can make up, **free of charge**, a pro-forma of your needs according to the number of participants and the duration of your trip.

Would like to have your favourite brands amongst your provisions, a certain packaging that would seem more adapted or specific products such as health foods or baby products: we would only be too happy to help you as much as is locally available.

### **APPRO's advice and suggestions**

**1 litre of drink** this is the minimum that you should count per day per person in the tropics!

**Vacuum packed sliced bread** will keep at least one month. Its one of the products that is well adapted to sailing life. In the south you will be able to find fresh bread from Bequia onwards.

**Buccaneer chicken (smoked)** can be kept for 2 or 3 days and keeps all of its flavour. Useful for sailing lunches.

We can guarantee that our market products will ripen progressively during your cruise. Citrus fruits will accelerate the ripening of other fruit and vegetables if placed next to one another. Check the size of your fridge before completing your fresh fruit order

**WARNING** The freezer compartment can generally only be used as cold compartment

**Provisioning in the South Caribbean** in market products, meat, and dairy products is limited and expensive.

Make the most of the **shellfish and fish** which will be available to you, they are of good quality

### **GENERAL SELLING CONDITIONS**

Our prices will be charged with VAT included, **no added supplements** for delivery aboard

A minimum order of 100 euros is needed.

Payment on delivery by cheque, cash or banker's card.

Prices in Euros non-binding September 2009.

**A week's delay between your order and delivery is necessary.**

**For pro-formas, please send your requests 20 days before your departure.**

Prices in Euros non-binding september 2009.
